

HiTech Fluid Systems

THE BALANCE IS ALWAYS IN THE SERVICE

Drilling Fluid Supervisor

HiTech Fluid Systems (www.hitechfluid.com) is one of the leading companies providing quality drilling fluids and related chemicals for the petroleum industry. We are a full service, Canadian based company offering reliable, high quality solutions around the globe.

Our systems require strong technical skills, experience and efficiency as we strive to deliver high quality service, efficiently and effectively.

HiTech is looking for motivated, diligent, and detail orientated individuals to join our team as Drilling Fluids Supervisor.

The right candidate(s) will have a proven track record demonstrating the following qualifications:

- Willing to work away from home or possible relocation
- Knowledge of implementing fluid testing equipment
- Test, analyze and recommend treatment of drilling fluids on a daily basis
- Prepare daily fluid reports
- Prepare well summary report at end of each project
- Inventory management; record, control and ensure adequate supply at well site
- Computer literacy in Microsoft Excel & Internet navigation a must
- Excellent communication skills, both written & overbal
- Valid driver's license with clean record
- Preference given to individuals with a College Diploma, Degree or equivalent oilfield experience
- Safety Certificates: WHMIS, H₂S, TDG and First Aid/CPR would be an asset

This is a full time position offering a full range of benefits, and competitive wages. Please respond with your resume and cover letter, in confidence, to:
